A positive adventure together

13 YEARS OF IMPACT

Hiya, I'm Paul Waye and I am a 'plogger'

A plogger is someone who picks up trash while running

For the last 13 years I have been doing it in Haarlem (near Amsterdam) in my free time. I run 4,000km a year and just from those runs, I pick up 40,000L of trash each year!!!

Maybe you've seen me running around town in my banana suit?

Since October, I am now doing this FULL TIME – and I am looking for companies to support me in my daily actions – actions which mean we make a positive impact together.

HAVING FUN TODAY IN CARING FOR OUR TOMORROWS A positive message to inspire

My message is NOT about the negative aspect trash on the ground but is about the positive action we can all take when we step out of the door.

When you pick up a piece of trash, it says 'you care'. You care about the world. If we all cared about each other, how many of the problems that we see around the world today would disappear?

I post daily content on social media to bring a positive story to people. I feel that we all need that at the moment.

"WHEN YOU PICK UP TRASH YOU MAKE AN IMPACT BUT WHEN PEOPLE SEE YOU DOING IT, YOU CAN MAKE A DIFFERENCE"

To make a difference, I work hard to get seen. It is not to say, "look how cool I am", but to say, "look how cool what I am doing is!" and "look how easy it is to make a positive impact!"

I don't just wear outfits (like the banana suit), I go on crazy adventures. Like the **Dutch Grand Plog** – 18 days, 306.6km plogging every street in Zandvoort before the DutchGP – in an F1 racing driver's outfit!

To become a professional plogger I need to earn an income! I have created a business plan that is so much more than a logo on a shirt. Sponsoring me will;

- Let me continue to do what I do best – daily plogging & positive stories.
- Let us inspire the local (and national) community together.
- Let us grow together – which means a bigger impact together.
- Let me give you REAL benefits.

EPIC ADVENTURES

Each year I will do something truly huge. Something that pushes me further than ever before.

Something that reaches and inspires more people than ever before!

May 2025: plogging 1300km around the entire Netherlands in a banana suit.

DAILY IMPACT

Daily plogs, social media posts, community engagement; giving people a positive daily message to inspire, spark action and raise awareness.

I will pick up trash on your behalf throughout the year for you own offsets.

All with your logo in view!
Made possible through your support.

Supporting charities, organisations and local communities at no cost to them!

Such as visiting schools to give a talk and organising a cleanup with the kids.

"I can do this for free because I am supported by all these brands". [pointing to my shirt]

Helping the community through our partnership.
